THE REDCLIFF REVIEW, THURSDAY, SEPT. 7, 1922.

## POOR SERVICE

On several occasions during the past month our attention has been drawn to what appears to be a very unsatisfactory state of affairs in connection with the service at the C.P.R. station here on Sundays.

According to present rules there is no operator at the station here on Sundays, and as a result the travelling public is put to all kinds of inconvenience and trouble when forced to travel on that day, as there is no way of finding out how the trains are running. We have heard of several occasions when women with children have been served to stay where the station till all hours of the night in order to catch the train which should have gone through at 8.30.

Nor is this the only cause for complaint because of the present service. Because there is no operator at this station on Sundays it is impossible to get telegrams through on Sundays. This however, does not prevent C.P.R. officials at other points from receiving telegrams which the senders have reason to expect will be delivered here on Sundays. Because of this we know of cases where both the sender of these telegrams and those to whom they were sent have been put to considerable inconvenience and unnecessary expense.

If the company has no operator at a certain point, then its agents have no business taking telegrams for that point. If it does it is taking money for a service it cannot render, and the people are the victims.

If a telegram cannot be delivered at its destination in time to perform the service for which it was intended, then the operator who receives it should inform the sender, who, in turn, could arrange for other means of communication.

To say the least the present system is most unsatisfactory and is by far the worst service we have ever had from the C.P.R. In view of the fact that this town has always been one of the best little customers the C.P.R. has had this treatment is the more galling.

## THE GAS QUESTION

If one is to judge from the Calgary papers the question of securing natural gas for that city is still a very live issue.

Just where the Calgary Gas Co. will get its supply of gas to carry it over the peak low season is not yet definitely known, and reports in the daily papers for the past week make it hard to even venture a guess.

One report says the company has given up all idea of getting permission of the government to transport gas across the road allowances from the Redcliff field, while another says the government has given no such indication whatever, but the company has intimated very clearly that it will give such permission when the gas company makes the proper application, is from a company which has the right to deliver the gas for which it is seeking the power to transport.

It is quite evident that the town the Utilities Board and the Government are anxious that the Calgary Gas company should make a strenuous effort to augment its gas supply from either the Foremost or Barnwell fields, before allowing them to come in to this field. However, this does not mean that the hope of

yet getting gas from here has been entirely abandoned by the Calgary Gas company. According to reports the prospects at the other fields are none too encouraging and may prove disappointing. In dealing with this phase of the question the Calgary Albertan says: "If such should be the case the company should be in a position to know in advance to arrange for the Redcliff supply for the winter of 1922-23."

This means that there is still a possibility of further attempts to secure gas from this field and the situation is the more serious in view of the fact that the Medicine Hat council has voted down the proposition to purchase the gas rights here. This being the case both Medicine Hat and Redcliff should watch the course of events very closely.

## SAFETY FIRST

"Safety first" is a good maxim in most things, but particularly so in relation to the investment of money. The rich may afford to speculate and to take the risks attendant on high rates of interest. Those whose means are moderate must be careful to see that there is absolute security in their investments. For such people there is no other form of investment which takes such a high rank, combining absolute security with liberal interest, as the bonds of the Dominion of Canada. Holders of Dominion bonds bearing five and a half per cent, maturing December 1, 1922, can re-invest their money at the same rate of interest by exchanging the old bonds for new ones running for either five years or ten years, as the bondholder may prefer. Arrangements for carrying out this exchange can be made through all the chartered banks. See the government ad. in this issue.

Statistics published a short

## Officials Receive Promotion

Official announcement was made at the C.P.R. head office of the promotion of two of the Company's high-up passenger officials.

Mr. C. E. Usher is created general passenger traffic manager and Mr. C. B. Foster is created general passenger traffic manager, eastern line, becoming passenger traffic manager for the line. The new office of general passenger traffic manager created for Mr. Usher is indicative of the worldwide activities of the Canadian Pacific organization which stretches from Europe to the Orient and Australasia, covering steamship services in both Atlantic and Pacific oceans as well as the rail lines. The Canadian Pacific fleet is now one of the largest mercantile organizations in the world, and involves the consideration almost as great as those of the railway itself. In the office of the Great Western Railway in 1874. In 1880 he joined the Vancouver, Seattle and Pacific Railway as chief ticket clerk and the Canadian Atlantic Railroad as rate clerk in 1883. In November, 1888, when the Canadian Pacific inaugurated the transcontinental services by his

CEUsher

CB Foster  
PASSENGER TRAFFIC MANAGER  
EASTERN LINE

called in to become Chief Ticket clerk and was promoted three years later to be assistant general passenger agent. In 1888 he was appointed General Passenger Agent Eastern Lines, and 1907 assistant passenger traffic manager. Since 1910 he has been Passenger Traffic Manager. C. B. Foster who has been promoted to the position of Passenger Traffic Manager for the Canadian Pacific Railway which he joined in 1881 as stenographer in the division passenger agent at St. John, N.B. In 1902 he himself had been to District Passenger Agent at this point. Two years later he was transferred to a similar position at Toronto, and in 1908 was appointed assistant general passenger agent at Winnipeg. In 1910 he became General Passenger Agent at Winnipeg, and in 1913 was promoted to the position of Assistant Passenger Traffic Manager, Eastern Line, with office at Montreal.

line also showed that an exceptionally large percentage of the inmates of our jails in Canada were men and women with other than Anglo-Saxon names. None of the men arrested in the States in connection with the wrecking of an Illinois train bore Anglo-Saxon names. This makes it look as though our governments are doing the right thing in exercising some caution before embarking on our immigration policy for the future.

## PROMPT ACTION

In the editorial columns of our last issue reference was made to a rumor which is now current to the effect that the Canadian land and irrigation Co. intended making application to the Dominion government to have their land in this district exchanged for land contiguous to their holdings in the irrigated district near Vauxhall.

Realizing the seriousness of such transaction, P. H. Wed-

derburn, secretary of the Medicine Hat U.F.A. District Association, wrote a letter to the Hon. Chas. Stewart, Minister of the Interior protesting against such a movement without first consulting the farmers of the district, and drawing the attention of the minister of several of the effects it would have on the rural districts in this vicinity, especially in connection with the school districts.

Those most concerned in the district will appreciate the promptness with which Mr. Wedderburn has taken up this matter with the proper authorities.

One of the best proofs that business conditions are rapidly improving in Canada is found in the fact that the Canadian dollar has attained equality with the American dollar in New York markets.

In his book just published the ex-kaiser says that war was forced

ed upon an innocent, unwilling and unprepared Germany. The ex-kaiser is right. Germany was innocent of the fact that the rights of the Allies were in the right place; she was unwilling to live up to her agreement regarding the neutrality of Belgium, and she was unprepared to go up against soldiers of the stamina and courage shown by the Canadians at Vimy Ridge and the second battle of Ypres.

It is now beginning to look as though the Fordney tariff is a blessing in disguise, at least so

far as Canada is concerned.

A Toronto paper says there is a fight on in Alberta similar to the one between Morrison and Drury in Ontario. It seems plain enough that we have not heard anything about it out here yet. It must be a fight in the air or by radio.

Characterizing as just a plain, unvarnished, malicious untruth, Hon. C. H. Ferguson's reported statement at Ottawa that of late work has gone out to relax in Ontario Temperance act enforcement measures, Attorney-General Baser Tuesday gave unsolicited denial to the allegations of "The Conservative Leader."

## Highest Tea-Room in the Empire

A few days ago there opened the highest tea room in the British Empire, 7,985 ft. above sea level on Saddleback range, in the Canadian Pacific Rockies. It is one of the quaintest of log-cabin shelters.

If you care to follow one of the loveliest mountain trails, we can climb together. If you believe in wood nymphs, if you love Alpine flora, so much the better, for the forest paths are aglow with starry flowered ferns.

Leaving Lake Louise the trail plunges immediately into the woods of Mr. Meade's Park. To the left a more beautiful vista, mossy slopes where grow the saxifages in their natural environment. Frilly fringed holding dew-drops in their cup-like neocarpia, in greenish green colorings, offset the browns of the fallen pine cones.

Rhododendrons grow wild here. The trees growing wild on mountain slopes in the Canadian Rockies is truly a joy. There they are in close proximity to the wild heliopsis.

On way climb, passing to level in a valley, panorama. Far down below is Paradise River winding. In twisting, like a platinum ribbon unfurling in a wayward wind. Little Lake Annette, sky and dense, lies in a hollow. A lay marmot creeps out to see what human dare disturb his morning slumber. Gazing at us in a startled manner, he saunters off, whistling to his mate that comes to greet him.

At the cliffs become less tree-clad, vegetation becomes less prolific. But to recompense this lack, nature has clothed the rocky peak with heather. Yes, there it is, the white bell-shaped blossoms proclaiming their message of love.

Another climb, this time over rocky slopes, where one steps cautiously, envying the agility of the wild mountain rabbits that dart back to shelter at our approach, and reach the goal of our ascent. We have climbed to seven thousand, and a hundred and eighty-five feet above sea level.

True to its name, sits the Saddleback Cabin Tea-house, resting between two higher peaks, which take

Hundreds of tourists this summer stand here in the Canadian Pacific Rockies.

the appearance of a Mexican blanket.

Show-capped Mount Temple stands guard while trails leading to Sheep Valley and Paradise Valley look enticingly attractive.

A delightful English atmosphere permeates the interior of this old cabin, the original portion being built with pine and dates as far back as 1890, by mountaineers, who sought shelter for the night, or protection from a short-lived blizzard, which occasionally visits the mountain's top.

The hostess, a charming, late retired English girl, dispenses true old-world hospitality, and has made a happy selection of cottage pottery, for use on the log-cabin table, done in dull blue tones.

During the tables are set with flowers blending harmoniously their colors with the soft lavender lines snuggled up close to the yellow argents, the plump and plump of the daisies cup against the vivid red of the Indian paint brush, and the purple lead

## Opening of Agricultural Schools

Classes in the agricultural schools of the province will open for the 1922-23 year on October 31. The classes will be conducted this year at four schools, these being at Raydon, Olds, Claresholm and Vermilion.

Arrangements have been made by the department of agriculture so that prospective students in the Claresholm and Vermilion districts will be transported free of charge to the schools at Claresholm or at Olds.

A particularly good attendance is looked for at the four schools this year. The cost in agriculture and home economics provided for the older boys and girls of the farm at these schools have become free (and in and home) can be had reasonably at four low rates in respectable homes.

At three of these schools, Olds, Claresholm and Raydon, special courses in irrigation will be given. The instructor is E. E. Blomquist. The staffs of the schools for the coming term are now almost completed, and will be announced shortly.

## New Marketing Scheme

The department of agriculture is now processing with the arrangements in connection with the new scheme for the marketing of seed grain announced last week. Prominent seed growers have written to the department expressing their approval of the new plan, and intimating that they will be ready to participate in it. The marketing plan to be operated by the government will be installed shortly.

## New Course of Studies

The new course of study for the public schools of the province has now been printed, and has been distributed by the education department to all schools in the province. In cities where a superintendent is engaged, the course of study has been sent to his office. In all other cases, the books have been sent to the secretaries of the school districts. This plan of distribution has been adopted because there is as yet no complete list of teachers in their present locations available to the department. Teachers who have not yet received the course of studies should get in touch with their school boards at once.

The new course authorized for use in all the schools of the province during the present year, and the new teacher should secure a copy at once.

The course is the most detailed and complete of any province in Canada. It has been published in a most attractive form, and the course itself is most attractive. In the preparation of the course, while considerable detail has been included, a nice balance has been retained between a necessary course and too great a reliance on method. The course is somewhat longer than the one it replaces, but it should prove

one it replaces, but very much more suggestive and helpful to the teacher. It is a clear statement of the use, and clear evidence of the suggestions, about which in most of the effective work particularly in such subjects as English, nature study and industrial arts.

**Cantaloupes by Irrigation**  
Interest in the accomplishment possible under irrigation has been stimulated during the last week by the announcement that the Canada Land Irrigation Co., whose project has been approved by the government, has been able to produce satisfactorily a quantity of cantaloupes. From a plot of two acres, the company expects this year to have from 100 to 150 cases of fruit to ship.

**Lethbridge Northern Progress**  
Progress on the construction of the Lethbridge Northern Irrigation project has been rapid this year and, 80 per cent. of the project is now completed. The project will be completed in the fall, making possible the use of the water for crop of next year.

The offices of the irrigation commission at Lethbridge have issued a handsome booklet as the attractions of the Lethbridge Northern district.

A yield of 42,000 bushels of wheat from 1700 acres is expected from the farms of the Ohio Farming Co., south of Lethbridge this fall.

The twelve-mile extension of the Lacombe and Blindman Valley railway west of Lacombe will be completed in time to handle the crop this fall, it is stated.

Complete figures of the registration for the three normal schools of the province show that over 900 teachers will be in training at these schools this fall. Approximately 1000 new teachers will be available for the schools at the start of the year's normal school term.

Classes at the University of Alberta will open September 25. There will be one or two changes in the staff. Officer Braggman, from Harro, will be lecturer in physical chemistry. Dr. Colp will be lecturer in research work in bio-chemistry. Prof. Newton, who has been engaged in research work in bio-chemistry, will return to the faculty of agriculture as professor in field husbandry. The position vacated by Prof. Newton, but yet been filled. Prof. W. M. Pyke has also resigned to go to the Institute of Technology, Massachusetts.

A 15 per cent. increase in the quantity of grain marketed by farmers is reported to the Canadian Pacific lines in western Canada during the last ten years. The increase is the result of marketing during the corresponding period last year, was reported by the office of the Canadian Pacific railway.

## GENERAL NEWS

U. S. census officials seized the British ship Gammar, alleged to have been carrying her passengers commercial supremacy and in being a large trade with all European countries.

The London Times' financial correspondent says that Great Britain is reorganizing her present commercial supremacy and in being a large trade with all European countries.

Further disclosures of plans to wreck trains were made in Chicago as high lights in the strike situation. Plans to bring 600 Hollanders to Canada to settle in western Canada, have failed thus far, as there will be no great influx of settlers from the Netherlands this year. Arnold S. George, immigration officer for Alberta, said.

Approximately 1000 new teachers will be available for the schools at the start of the year's normal term, according to statistics given by the Department of Education. There are all ready over 900 teachers in training at the three normal schools of the province, using holding second and first class certificates. At Christmas, another 60 or 80 university graduates will be added to the number. It is expected. University graduates do not have to take the whole year's training course in a normal school, so it is fairly certain that there will be a surplus of teachers by next year unless the minister suggests, there will be a wedding epidemic. This is the class to which the department loses most of its teachers.

With this surplus the minister will have the opportunity of bringing into effect a scheme he has in mind of grading all the teachers in the province according to the work they do in the field. In this way it would be more possible for the department to retain its best teachers, for the school boards would naturally always choose the best of the available supply. The poor teachers are would be naturally eliminated.

A group of London bankers has agreed to offer Austria a loan of between 20,000,000 pounds and 30,000,000 pounds according to the Daily Express. The loan would require the approval of the Reparations Commission.

Cleanliness in our bright, modern factory and quality of materials enter into the making of our increasing sales of

establishing a plant in South Westchester. The present plan of the company will be to plant flour, potato starch and feed lot, and expects to be ready for operations by October 1st, employing a force of twenty men.

Plans to bring 600 Hollanders to Canada to settle in western Canada, have failed thus far, as there will be no great influx of settlers from the Netherlands this year. Arnold S. George, immigration officer for Alberta, said.

## Should Not be Shortage Of Teachers in Alberta

Approximately 1000 new teachers will be available for the schools at the start of the year's normal term, according to statistics given by the Department of Education. There are all ready over 900 teachers in training at the three normal schools of the province, using holding second and first class certificates. ## Railway News in Brief

Vancouver, B.C.—The Canadian Pacific Railway Company has called for tenders for the construction of a new bridge across the Columbia River to replace the old one washed away during the heavy floods of November. The new structure, which will be built of steel, is to be about 200 feet long with concrete piers. The concrete abutments will be placed further apart than in the former structure to make more allowance for another possible swelling of the river. The new Columbia bridge, when completed, will be one of the most substantial examples of bridge construction on the Canadian Pacific Railway.

Montreal.—Mr. G. D. Brophy is appointed District Passenger Agent of the Canadian Pacific Railway, at Regina, Saskatchewan, succeeding Mr. A. McDonald, transferred, according to an official circular. Mr. Brophy entered the service of the Canadian Pacific on October 18th, 1910, as a passenger agent. He was promoted to the position of passenger agent, New York, June 1914. Promotions following were: Sept. 1914, District Passenger Agent, Montreal; Jan. 1915, Passenger Agent on liner "Algonquin"; April 1916, travelling passenger agent, Cleveland; June 1916, travelling passenger agent, New York; July 1918, returned to Cleveland as travelling passenger agent; January 1919, returned to Montreal as passenger agent; March 1919, travelling passenger agent, Banff; October 1919, travelling passenger agent, Boston; April 1920, district passenger agent, Banff.

Vancouver.—The fifteen-story hotel of the Hotel Vancouver is famous for its view of the city and harbor. It is the only hotel in the city which has a view of the city and harbor from every room. It is the only hotel in the city which has a view of the city and harbor from every room. It is the only hotel in the city which has a view of the city and harbor from every room.

These men are hard put to it to keep the hotel clean. They are brought into the hotel on the smokestacks. While the men are keeping the walls and ceilings bright no less than seven rounds cleaners are at work each day keeping floors and windows immaculate and seeing that the electric light bulbs are not mean task in itself — are instantly replaced.

But it is in the downstairs regions of the hotel, from the point of view of the large number of employees that the hotel is a most interesting place. There are light and power for the hotel made there are five engineers, a chief, three third-class and one fourth-class. There are four stokers, four firemen, two shoemakers and two truckmen.

Then there are basement cleaners, store-keepers, four kitchen cleaners, two printers for notices, a janitor, an electrician, five food checkers and three men on food control. It is the duty of the last named to see that every ounce of food which goes to the storerooms is tabulated, so that at the end of each day the profit on dining room operation can be instantly checked.

The kitchen is the largest unit of the hotel. Here there are a chef with eight assistant cooks, a second chef, a third chef, a fourth chef, a fifth chef, a sixth chef, a seventh chef, an eighth chef, a ninth chef, a tenth chef, an eleventh chef, ## ITEMS OF LOCAL INTEREST

Clarence Walker, the local representative for the Calgary Herald, attended the Herald newsboys' picnic at Calgary last Monday. He says he had an excellent time.

Several local members of the Caledonian Society are taking a keen interest in the Carnival Queen contest in support of Miss McLean, the society's candidate.

A. R. Bullastyne now has on hand a number of trunks for Miss Crawford, the C.P.R. employees candidate in the Carnival Queen contest.

A glance over the scores at the rifle range at Calgary and other points show that the weekly scores made at the range have compared very favorably. Many of the local marksmen are registering scores quite high as their city brothers at between 200 and 300 yards.

Dr. and Mrs. Hicks and family left this morning for their home in Oryton, Sask. They are making the trip by motor before leaving a number of their friends gave them a farewell dance. Both the doctor and Mrs. Hicks will be greatly missed here, as both were willing and enthusiastic workers in all local organizations. Many friends will wish them every success in their new home.

Mrs. W. J. Fairbairn, of Rumsay, is in town this week visiting her daughter, Mrs. T. Clare.

John Kitchin, town foreman, left last Tuesday for Vancouver, where he will spend his holiday visiting friends.

L. E. Schaffer, of the Brezeland district, passed through town yesterday with two loads of wheat. This is the first to be marketed from this district this season. The wheat is a good sample and averaged 11 bushels to the acre.

Cutting is now about finished in this district, and threshing is expected to be in full swing next week. Some crops are turning out much better than was at first expected.

Mr. and Mrs. L. M. Mansfield, former of the Harvest Vale district, but now of Swan River, left for the C.N.R. in the employ of the C.N.R. stopped off here for a few days this

week to visit friends. They are spending their holidays by mooring through the west.

Mr. and Mrs. Neil Morrison, of Owen Sound, are visiting with Mr. and Mrs. McColeman, and Mr. and Mrs. Geo. Dixon, Harvest Vale district. Mrs. Morrison is a sister of Mrs. McColeman and Mrs. Dixon.

Miss V. Gilgen is spending a few days in town this week visiting her mother.

Miss Stronach and Miss Duffield are attending Normal in Calgary this term.

Don Stotter left last week for Camrose to attend Normal school.

Mrs. J. R. Field and Mr. and Mrs. L. M. Field, of Maple Creek, spent last week in town, the guests of Mr. and Mrs. E. L. Stone.

Jim Reid, of Edmonton, is spending a few days in town this week visiting his sister, Mrs. Ed. L. Stone.

St. Wright, of the Medicine Hat Labor Bureau, received an urgent appeal from Elbow for at least six harvesters for a day.

The Y.M.C. Junior football team has issued a challenge to meet the seniors in a friendly game on Wednesday evening, Sept. 13. The challenge has been accepted and enthusiasts may look forward to an exciting game on that occasion.

About nine o'clock last Monday evening a fine frame house on Main street was completely destroyed by fire. The origin of the fire is not known. John Zelenko was living in it at the time. He was in bed and was awakened by smoke, and escaped with only what he could get out of the building. The loss is partially covered by insurance.

In our last week's issue a typographical error appeared in P. Campeau and Son's advertisement. It was advertised at \$3.96. It should have read \$3.75. Despite this error, however, there was a big rush for flour at Campeau's.

F. Howell, of Brooks, spent last week end in town visiting old friends. Mr. Howell reports excellent crop in the irrigation district in that section of the country.

Mr. and Mrs. W. Lahey, who have been spending the past month on the C.N.R. in the employ of the C.N.R. stopped off here for a few days this

week to visit friends. They are spending their holidays by mooring through the west.

The Box Springs U.F.A. will hold a dance in their hall on Friday evening, Sept. 8. Collins orchestra will supply the music. Everybody invited. Ladies are requested to bring refreshments.

**BIRTHS**  
BROOKER—In Redcliff, on Thursday, August 31st, 1922, to Mr. and Mrs. M. Brooker, a boy and a girl.

## THE CHURCHES

**GORDON MEMORIAL PRESBYTERIAN CHURCH**  
Rev. T. S. Patton, R.A., Minister.  
Services on Sunday, Sept. 10, 11 a.m., subject "The Christian Race." 7:30 p.m., subject "The Individuality of Christ."

## Railway News

**Nakusp, B.C.**—As an indication of the increased industrial activity of the lumber mills of Nakusp, the Nakusp Lumber Company find their yard room so limited that they have cleared about four acres of land near the first mill and along the C. P. R., where a spruce and fir mill and the lumber hauled in cars and allowed to dry before being shipped to outside points.

**Invermere, B.C.**—Amongst the many splendid summer features of the C. P. R. are two of special interest to this part. The first one deals with "Bungalow Camps," and beautiful Lake Windermere Camp adjoining this place. The other one is a publication gives over exclusively to describing the local "Camp." This is a seventeen-acre feeder, most beautifully illustrated with reproductions of photographs of local scenes. The latter press is by Mr. F. H. Hargrave.

The gist of the matter is descriptive of the various trails and automobile roads throughout the Windermere district.

**Chatham, Ontario.**—Wholesale supplies for the C. P. R. tracks frequently use the C. P. R. tracks in County Place street recently, with the answering out of a number of information by a C. P. R. representative who conducted an investigation.

It is alleged that the tracks were trespassed on the C. P. R. tracks, and that the tracks were in the City of Chatham.

Information was also been laid against seven boys under the age of sixteen years.

**Montreal—Edward J. Richel** is appointed city passenger agent for the Canadian Pacific at Chicago, succeeding A. H. Williams.

Mr. Richel joined the service on June 16, 1920, as clerk in the passenger department, Canadian Pacific.

He was promoted to the position of passenger agent, Chicago, following were: October 1, 1920, chief clerk; January 31, 1921, passenger agent; June 1, 1922, city passenger agent.

William J. Balkwill is appointed travel passenger agent, Chicago, following Edward J. Richel. Mr. Balkwill joined the Canadian Pacific at Chicago in the steamship passenger department Chicago on March 15, 1922.

**St. Andrews-by-the-Sea, N.B.**—The Canadian Manufacturers' Convention for 1922 is now a thing of the past, and to the almost 200 delegates and others who have been here for a week attending the convention, it will be a pleasant memory.

One of the most successful of the many sessions of the convention was the session of the association to hold future conventions under similar conditions.

The Casino of the Algonquin Hotel provided an excellent meeting place, and the records show more discussion than at any four conventions in the past, while there has been more training by the delegates who get to know one another to a greater degree than ever before.

During the Convention days delegates played golf on the beautiful links overlooking the sea and indulged in swimming in Ketchikan Cove.

**Calgary, Alta.**—After covering six hundred miles in the southern portion of Alberta, at the end of June, J. Cameron, general manager of the Alberta Division of the Canadian Pacific Railway, declares that crop conditions there generally speaking, are good.

Mr. Cameron stated that farmers had been taught an object lesson by grasshoppers. There were no locusts, but there had been an outbreak of grasshoppers. From the amount of damage following, that was now going on, farmers had realized that grasshoppers was a real danger.

He is holding a brief meeting for the farmers. The farmers, said he, were now practically under control in the south. Cameron had some little no damage on account of the recent showers.

"I have been much pleased with my visit," said Mr. Cameron. "There now quite an optimistic feeling among farmers and business men if the south country."

**Elkhorn, Man.**—Forty years ago Mr. Jas. Rodgers commenced work for the Canadian Pacific Railway Company. As a section man, he was in about five years, through his industry he became the best section man in the company.

He also became of his sterling integrity, he was promoted to foreman, and in this position until 30 years ago, when he was transferred to the pumping station staff. For a while he worked at Winnipeg and then in his new capacity and eventually assumed charge of the Elkhorn pumping station, on the retirement of Mr. H. Francis, another old time railroad man who is still with us, as he is healthy and active.

A record such as Mr. Rodgers holds is decidedly unique. He is the second senior foreman in the division, and his regularity and strict attention to his duties has won for him the deep respect of the Company, which places a high value on the services of men of such capability. He has stood the rigors of an exacting position in a position that must reflect great credit.

It is reported in Cork that the Hon. De Valera and Michael Collins are both prisoners in the hands of the Nationalists. Children's aid to have been seriously wounded. The report has not been confirmed nor has it been denied officially.

**London, England.**—A man named to death in South Russia upon conviction of counter-revolutionary activities.
